

Hackathon 3

Day 1

Market place Type:

Quick E-Commerce

Purpose:

My e-commerce food website offers fresh, hygienic meals made with premium ingredients. We ensure easy ordering and fast delivery for seamless experience.

Business Goals:

Q: What problem does your marketplace aim to solve?

Ans: People often face challenges in accessing fresh, high quality food due to time constraints.

and unreliable service. My e-commerce platform resolves this by offering a seamless way to order delicious meals with fast delivery. We aim to make healthy eating convenient and hassle-free for everyone.

Q2: Who is your target audience?

Ans: Our target audience includes individuals aged 18 to 45, such as busy professionals, college students, and young families seeking fresh, high-quality meals with quick delivery.

Q3: What products or services will you offer?

Ans: We provide nutritious, premium-quality meals made with clean ingredients, delivered quickly and conveniently. Our platform offers diverse cuisines, customizable options and timely delivery to ensure customer satisfaction.

Q4: What will set your market place apart?

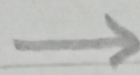

Ans: Our platform delivers premium, health conscious meals at affordable prices with a seamless ordering experience and fast, reliable delivery. We stand out through our commitment to quality, hygiene and customer satisfaction.
